6. [REDACTED] LIAISON Met with Ralph Costeel, Staff Member, House Committee on Veterans' Affairs and discussed Public Law 94-491 which extends veterans' medical benefits to any person who served as a member of any armed forces of the governments of Czechoslovakia or Poland in armed conflict with an enemy of the United States. Costeel said that the certification required under the act should be kept personally by the beneficiary and should only be shown when medical treatment is needed. He added that the medical treatment under the Act must be limited to within the United States. This inquiry was prompted by a request from the European Division of DDO, who has an employee who may be eligible for benefits under the Act.

7. [REDACTED] LIAISON At the request of [REDACTED] OLC, I asked Guy McConnell, Subcommittee on Defense, Senate Appropriations Committee staff, if Chairman John L. McClellan (D., Ark.), Senate Appropriations Committee, provided IC budget figures to Senators not on the Appropriations Committee.

19. (Internal Use Only - DFM) LIAISON Called Bill Miller, Staff Director, Senate Select Committee on Intelligence, regarding Chairman Daniel Inouye's (D., Hawaii) statement regarding [Redacted]

[Redacted] Miller verified that the Committee did not at this time contemplate making a substantive public statement on the matter. Miller also asked, in addition to the follow-up items from the 14 December 1976 meeting with [Redacted] C/EA, and [Redacted] OGC, on this subject, that he be informed who or what organizations were the recipients of DDO reporting [Redacted]

I told Miller that it now appeared unlikely that the Director would be able to accompany Chairman Inouye on his West Coast trip planned for 10-14 January, but that we would have another Agency representative escort them. Miller said that they would be glad to travel with whomever the Agency designated.

✓ 20. (Unclassified - DFM) LIAISON Received a call from Ed Levine, Senate Select Committee on Intelligence staff, who inquired about the status of Howard Liebengood's, Minority Staff Director, request to give Levine access to all Agency reporting [Redacted] Center for Policy Support, had already been in touch with him regarding DDI production. Regarding DDO, I said that there would no doubt be an enormous amount of reporting for the two year period Levine had in mind and that my recommendation to the DDO was to draw up categories of information and let Levine choose what categories he wanted to see. Levine said he could do this chronologically and that he would like to begin with October 1973 through April 1974, and would be selective for the periods just before and after this time period.
